Fleet Management Solutions

Fleet Intelligence to Keep You in Production

With multiple job sites in remote locations, keeping track of crew and assets can be challenging. Geotab helps you track and maintain your vehicles and equipment, and provides key data insights to maximize uptime, and increase safety. Track your heavy equipment, yellow iron, and powered trailers and assets with the IP67 rated GO RUGGED ruggedized telematics device for harsh conditions or external installation.

The Geotab Advantage

- + Complete visibility of workforce, assets, and costs
- + Track fuel usage & idling trends
- + Monitor engine hours & PTO usage
- + Driver safety scorecard
- + High-performance GPS technology
- + Advanced dashboard reports
- + Open platform for easy data integration
- + Marketplace apps & add-ons
